

Training Academy: The purpose of TA is to nationally certify quality instructors to teach Ranger Basics (RB), Ranger Essentials (RE), and RMA continuous learning electives (cle) in order to ensure that highly competent instructors who reflect favorably on Royal Rangers conduct training. Certification will be provided through the region in cooperation with the local district. The Training Academy will prepare graduates to teach in the Rangers Ministry Academy and will be the prerequisite for attending all other academies.

Basic qualifications for attendance at Training Academy

- Complete the Advanced level of the Outpost Leader Advancement Level (OLAL)
- Read the Leader Manual: Inspire the Journey
- Observe and/or assist at three separate training events (RB/RE or an RMA continuous learning elective)
- Be recommended by district/network director
- Score 95% or higher on the Training Academy open resource test (which must be accomplished prior to receiving TA teaching assignment)

Individuals meeting the above requirements may be invited to submit an application to TA by their district/network director and Regional Training Coordinator (RTC). Attendance at TA does not guarantee certification.
